Benediction:

**** -----****

Although the presentation of an offering is an act of worship we will not be passing an offering basket. There is a glass bowl near the door to provide you with this opportunity.

We are a gathering of disciples of Jesus Christ as both Lord and Savior in the puritan and reformed theological traditions. As such, we seek to continuously purify the gathering by seeking the nature of the church body and its created purpose in the Word of God as revealed in the Scriptures, guarding against the encroachment of this world. Also, as puritans, we find the Word of God to be the sole authority in ruling both the church body and our lives. We worship in spirit and in truth in our worship gatherings where we recognize that God alone is worthy to be praised and honored for who he is, and that we are in need of his grace through Jesus Christ, and in the empowerment of his holy Spirit, while the Word of God is proclaimed in His power, both faithfully and truthfully.
